

## We are proud to announce Next Generation GP is now coming to Lancashire & Cumbria

A nationally expanding and free to join programme seeking to inspire future leaders within General Practice with an exciting series of workshops and lectures from both local and national leaders within healthcare.

### WHAT?

Six evening sessions from engaging local and national leaders, providing excellent opportunities to network with peers and share ideas (sessions will be held both virtually and face to face)

### WHO?

Sessions are aimed at GP trainees and early-career GPs (within their first 7 years) who have an interest in leadership and healthcare policy

### WHY?

**ENERGISE:** through access to the stories, perspectives and expertise of inspiring leaders at the forefront of Primary Care

**ENGAGE:** through a supportive network of like-minded trainees and early career GPs

**EMPOWER:** through a series of workshops, designed to increase your ability to shape care within and beyond your organisation

### Testimonials:

*“Fantastic sessions. Every time I come away inspired and enthused about my career choice”*

*“Having attended the course, heard from and met such inspiring leaders, I definitely feel energised, engaged and empowered”*

### What Next:

Sessions will be held on a monthly basis between February – July 2022. Further details and application form to follow in December.
